

ALL Eastern society is sneezing because REGGIE VANDERBILT has the grip.

A MODERN feminine writer gives her opinion of men and women in the following original style:

"The truth is, girls are so continually and everlastingly warned against the male sex today that they look upon most men as monsters or clever villains. Nothing could be a more absurd or harmful philosophy of life. Men are just as good as women—only a woman when she is not good sinks to the bottom like a rock, and we see nothing more of her, while bad men are like perpetually floating corks—you can't get rid of 'em."

The onion growers in three counties in Southwest Texas cleared over \$600,000 on their onion crop this season.

According to The Flemingsburg Times-Democrat Senator BRADLEY is talking right on the tobacco pooling question, but the Senator is talking wrong on political matters. It makes all the difference in the world who's kimona is gored.

The time has come when public officials must not only be honest but they must be frank. Every taxpayer has a right to know what is done with the money that he pays; if there is any left, and if any, how much.—Winchester Sun-Sentinel.

A record for fine writing with a pen has just been established by A. J. Farwell of Brooklyn, N. Y., who, in a contest, wrote 13, 170 words, using 223 lines, on the back of an ordinary postcard. Over 100 other contestants tried their skill in the same contest.

Russell Sage, who died July 22, 1906, was the only great financier of recent years to die childless. He left \$66,753,000, and of this his widow inherited \$63,778,000. Since his death Mrs. Sage has spent immense sums for philanthropic purposes, and the bulk of what she leaves will, on her death, go into the same channels.

The Rev. E. L. Powell of the First Christian Church at Louisville preached Sunday evening at his Church on the discovery of the North Pole, in which he highly praised the exploits of Dr. Cook and Commander Peary, but severely criticized Peary for his seeming pettiness of character in seeking to belittle the achievement of Cook in beating him to the top of the earth.

Deafness Cannot be Cured by local applications, as they cannot reach the diseased portion of the ear. There is only one way to cure deafness and that is by constitutional remedies. Deafness is caused by an inflamed condition of the mucous lining of the Eustachian tube. When this tube is inflamed you have a rumbling sound or imperfect hearing, and when it is entirely closed, deafness is the result, and unless the inflammation can be taken out and this tube restored to its normal condition, hearing will be destroyed forever; nine cases out of ten are cured by Catarrh, which is nothing but an inflamed condition of the mucous surfaces.

We will give One Hundred Dollars for any case of deafness (caused by catarrh) that cannot be cured by Hall's Catarrh Cure. Send for circulars free. F. J. CHENEY & CO., Toledo, O. Sold by Druggists, 73c. Take Hall's Family Pills for constipation.

Spices That Spice

Spices are such an important item that all grocers and many druggists buy them without knowing anything about their grade and flavor; but this is a store that gives strict attention to the little things, and we are as careful in buying spices as we are in buying drugs. The result is that we can guarantee the flavor and purity of every spice we carry.

As with every other item of drugs, we sell them at the lowest prices that this quality may be had for.

It is extravagance to pay more because it is unnecessary.

It is extravagance to pay less, for you cannot get fine spices for less.

Boy wanted to learn the drug business. Apply at Cheney's Drugstore.
